

"Learning Outcomes & The SCQF Conference" on March 2007 at Angus College.

Comments recorded from delegates during the introduction session as to what they hoped to get from the conference.

"See the SCQF process and meet new partners"

"Networking, Information about other projects and sharing of good practice"

"Greater understanding of the SCQF to find links to current work"

"Can it be applied to ESOL students transferring qualifications from home country to the UK and help recognise their qualifications in order to better utilise their skills?"

"What do we need to put in place to make this happen?"

"More information and a wider understanding of the SCQF"

"Help with designing new programmes when using learning outcomes and level descriptors from the SCQF"

"There are questions about how we get what we do measured, without losing the essence of what CLD does. I do not think CLD is a science, but I know the world we work in"

"To improve classes and programmes by using learning outcomes"

"How can the SCQF be applied to training for volunteers and to learn more generally about the SCQF"

"I hope to achieve a practical outcome that I can take back to use with learners"

"I want to learn about the SCQF and how to level courses and when it is appropriate"

“Better understanding of mapping courses onto the SCQF levels or framework”

“A greater understanding of links between formal and informal learning”

“Better understanding of the framework”

“To understand more fully the range of qualifications and how they relate to each other”

“Comparing learning goals to outcomes and relate to requirements for linking to formal courses”

“To begin the process of the team engaging with SCQF for the benefit of our learners”

“Further and better understanding of learning outcomes in order to be a more informed tutor for my learners”
