**Making the Journey:**  
**College to University**  
 Tuesday 7th Nov 2006  
 Wednesday 15th Nov 2006

**WHAT?** One of the biggest concerns of many students thinking about moving on to study at university is how they will cope with their studies. This study skills and information event aims to help Access students understand, develop and improve on the skills essential to succeeding at university.

The event will involve students in a number of practical sessions led by staff from the Universities of St Andrews, Dundee and Abertay, Dundee. In addition, former Access students will be on hand to provide participants with a realistic and current insight into university study.

Students attending the event will be able to find out about opportunities for further study at local universities along with the latest information on issues such as student financial and disability support. There will also be a special interactive 'Question Time' Forum where your questions will be answered by professionals.

**WHO?** The event is open to any student currently undertaking an Access course and is free of charge.

Places are limited and will be allocated on a first-come, first-served basis. To register for the day please complete the registration form included in this leaflet. Registration forms should be returned to SWAP-East no later than **Friday 15th September 2006**. Further information will then be sent to you directly.

For further information, please contact SWAP-East
